

UK GENERAL DATA PROTECTION REGULATION (UK GDPR) POLICY

The UK General Data Protection Regulation (UK GDPR) is designed to protect the privacy of individuals. It requires that any personal information about an individual is processed securely and confidentially. This includes both staff and children. How the Colourbox Montessori School Ltd. (The Company) obtains, shares and uses information is critical, as personal data is sensitive and private. Everyone, adults and children alike, has the right to know how the information about them is used. The General Data Protection Regulation requires the Company to strike the right balance in processing personal information so that an individual's privacy is protected. Applying the principles to all information held by the Company will typically achieve this balance and help to comply with the legislation.

We will respect the privacy of children and their parents and carers, while ensuring that they access high quality early years care and education in our setting. We aim to ensure that all parents and carers can share their information in the confidence that it will only be used to enhance the welfare of their children. There are record keeping systems in place that meet legal requirements; in addition, the means of storing and sharing that information takes place within the framework of the UK General Data Protection Regulation and the Human Rights Act.

UK General Data Protection Regulation principles:

To comply with the act, the Company will observe the eight 'General Data Protection Regulation principles', ensuring that:

- Personal data shall be processed fairly and lawfully
- Personal data shall be obtained only for one or more specified and lawful purposes, and shall not be further processed in any manner incompatible with that purpose or those purposes.
- Personal data shall be adequate, relevant and not excessive in relation to the purpose or purposes for which they are processed.
- Personal data shall be accurate and, where necessary, kept up to date.
- Personal data processed for any purpose or purposes shall not be kept for longer than is necessary for that purpose or those purposes. (see Retention chart)
- Personal data shall be processed in accordance with the rights of data subjects under this Act.

- Appropriate technical and organisational measures shall be taken against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data.
- Personal data shall not be transferred to a country or territory outside the European Economic Area unless that country or territory ensures an adequate level of protection for the rights and freedoms of data subjects in relation to the processing of personal data.

In practice, it means that the Company must:

- have legitimate grounds for collecting and using the personal data;
- not use the data in ways that have unjustified adverse effects on the individuals concerned;
